CALL TO ORDER

The meeting began at 1:35 pm in Administration Conference Room A.

MEETING NOTES

- Chair Paglia discussed the meeting with the Task Force Chairs. He also discussed the importance of establishing a baseline for the amount of litter picked up by litter crew (volunteers), as it is not currently being measured.
- Jared inquired about the 18 recycling center locations days of operation. He suggested that looking at the cost of operating all centers seven days a week would help reduce litter and costs. Adding a new site may also help reduce litter. Jared stated he would contact Lacey for more information.
- Members discussed how the littering fines are dispersed and if the fines were raised, would it help cover some of the costs for collection.
- The shortage/need for inmate workers was also discussed.
