**RE: Marion County Local Mitigation Strategy (LMS) - 2014 Annual Report Transmittal**

Please find enclosed the annual Marion County LMS update materials required by Florida Administrative Code (FAC) 27P-22.004 as follows:

- 1) The current 2014-2015 Steering Committee/Working Group Roster including the Chair and Vice-Chair. (Please note that the list identifies the voting Steering Committee and non-voting participants.) The Vice-Chair has changed from the prior year.
- 2) The current 2014-2015 LMS Project List. Five new projects were added (2014-01 through 2014-05). Three of the new projects were previously identified projects that expired from the LMS Project List with 2013, and the applying agencies submitted new applications for those projects (2014-02 through 2014-04). No projects were removed or expired from the list.
- 3) The LMS Plan has not undergone any changes as the five-year update to the Plan was fully completed in 2010-2011.

If you have any questions regarding the materials, please do not hesitate to contact me via email at [christopher.rison@marioncountyfl.org](mailto:christopher.rison@marioncountyfl.org) by phone or mail as indicated above.

Sincerely,

Christopher D. Rison, AICP
